

Makerspace Rules and Policies

Ground Rules

- Users are responsible for following policies and safety guidelines
- Must have completed and signed User Safety Agreement
- May not use equipment without having completed training and with Makerspace employee supervision
- Don't use Makerspace equipment to make any weapons or nefarious items
- No copyright infringement

Equipment

- Must have completed item-specific training before using equipment
- Don't use equipment without Makerspace employee supervision
- Equipment use is first-come, first-serve
- Always use sign in sheet
- Each Chico State student is allowed 3 hours of print time per month

Consumables

- Don't waste material
- Get a Makerspace employee to verify that designs are using material efficiently
- Some equipment requires you to provide your own material (e.g. sewing machine)
- Limit of 2' by 2' area for Vinyl Cutter
